3DTOTAL.COM EBOOK SERIES

PAINTING FANTASY MEDIEVAL SCENES

This eBook series will be split over six separate chapters, all sharing the common theme of a fantasy inspired medieval scene. Each will be undertaken by a different artist and draw upon a wealth of experience and skills perfected over years of industry practice. The authors will discuss their approach to digital /concept painting, the tools and brushes they employ and treat us to a valuable look into their artistic process. The six installments will cover a different environment each chapter based upon the medieval theme and encompass a multitude of professional tips and techniques.
